For emergencies contact the Management Office at 617-964-4600. After hour emergency requests should be placed using the same phone number and following the phone prompts for assistance.

Tenants are responsible for plunging their own toilets within their retail or office space. In the event the maintenance staff is required to plunge a toilet, tenants will be charged for the service call. Please do not use Drano or other similar products to clear clogged drains. These chemicals can damage the pipes as well as present a hazardous situation for the plumber.

Tenants are responsible for replacing all light bulbs at their own expense.

There will be a lockout charge for anyone who requires entry into their retail or office space with the assistance of the management company. In the event that no one on staff is available, the tenant is responsible for access to the space and any expense incurred for a locksmith's services.
